Clarity Peeling Gel

This is the amazing Clarity Peeling Gel. I will spread a thin layer on your hand and leave it on for a minute. What the Peeling Gel does is deep exfoliation, do you know what exfoliation is? (removes dead skin and cells). It exfoliates all the dead skin and dead cells. It removes all the dirt, pollution and toxins from inside your face. It opens your pores and cleans everything from the inside. This Peeling Gel contains: Chamomile Extract that relaxes your skin, Aloe Vera gel that is used to heal irritations and wonder-working Dead Sea minerals.

This combination gives an amazing treatment for black heads, white heads, spots on the face, discoloration, oily t-zone, dry skin, rozeisha and acne problems.

O.M.G! Take a look what comes out of your hand! (well, don't be embarrassed, it happens to everyone ☺). This is all the dead skin and cells, all the dirt, pollution from inside your skin.

Look at the difference, isn't that amazing?

Optima Hydrating Day Cream

The pores are still open, if we leave it like that all the dirt and the pollution are going to get inside again. To close your pores I'm using the amazing Optima Hydrating Day Cream.

נמרח מעט מהקרם ונעסה היטב

This highly concentrated day cream is based on a combination of nourishing natural oils, Shea butter, Dead Sea minerals and the revolutionary RENOVAGETM patent (have you heard about it?) RENOVAGETM is an active ingredient that is known to work through human D.N.A to prolong skin cells lifespan and grow new skin molecules. The RENOVAGETM can smooth lines and wrinkles and make the skin much more elastic.

This formula nourishes your skin, enriches it with moisture and helps your skin to fight the aging in the best way. Now look at your new skin, feel it and just imagine these results on your face!

It comes like this. This is the Clarity Peeling Gel and this is the Optima Hydrating Day Cream, Both of them are Paraben free & SLS free.

Use the Peeling Gel only once a week. Spread a thin layer on your face, leave it on for two minutes and then rub it off. Wash your face with warm water, dry your skin and finish the treatment by applying the Day Cream. The Day Cream is very concentrated so use just a tiny amount every morning. This is a year supply treatment. The Optima Hydrating Day Cream costs XXX and the clarity peeling gel is XXX that is an amazing price for a year supply.

Milky Facial Scrub

Now, we complete the treatment with the amazing Milky Facial Scrub for daily use. I will put a tiny drop onto the back of your hand and massage it well. The Milky Facial Scrub does a gentle exfoliation. It cleans all the dirt and the oils that are stuck on the surface skin. It is based on Dead Sea minerals, Aloe Vera, Chamomile and vitamin E. it help to reduce and prevent skin problems and it acts as an excellent as a make-up remover as well.
