

Marvelle Rejuvenating Mask

- Because you all ready took the basic, I will give you now the sample of the weekly treatment, for the next time, of course...
- There are many products here that you don't need, but there is something specific that I want you to come back for, I will show it to you now!
- Now I am going to surprise you with something **marvelous**, you are going to love it!

This is the Marvelle Rejuvenating Mask, one of the most impressive and unique product that we have. In a second you are going to understand why!

I will spread a thin layer on the back of your hand and leave it on for a couple of minutes.

This mask is formulated to nourish your skin, resist wrinkles and firm your complexion, leaving it looking and feeling younger then ever!

The formula contains JOJOBA OIL, SWEET ALMOND OIL, VITAMIN E and the most important – it is based on the DEAD SEA BLACK MUD.

Now I want to remove the mask and we are going to do something fun that I do with all my costumers. If you guess right how I am going to remove it - you get the mask on the spot for half the price!!! This amazing mask is a year supply treatment and costs XXX, believe me, its worth much more!

Take a look at this – a **magnet!** And that's how we easily remove the mask. Amazing right? Except for all the minerals inside, what makes this mask so unique and abele to magnetize is the NATURAL IRON inside the mud. As you probably heard, like in acupuncture, Iron can do unbelievable changes on your body and even more on your face. It helps to rejuvenate your skin, firm it and prevent wrinkles in the future.

After we remove the mask, we gently massage the serum left on top of the skin. All the minerals and the vitamins penetrate in to your skin, treat and prevent dryness issues and leave it rich in moist.

Compare your two hands and look at the difference. Feel the difference! Imagine how it's going to look and feel on your face.

This is the MARVELLE REJUVENATING MASK. Like all of our products, it's also PARABEN free and SLS/SLES free. It's enough to use it one's a week. Spread a thin layer all over your face, avoid the eye area and leave it on for 5 to 10 minutes. Then remove the mask with the magnet and massage your face.

This mask is a year supply treatment, and costs only XXX. Now you have a special promotion – if you buy two, you get the third one completely for free!!!
