

The Nail Kit

1. Hi Ma'am/Sir, try some lotion? / For you, mineral lotion!
2. Wow, you have a beautiful nails! You always keep your nails natural? **(Women)** / Do you have a special lady in your life? **(Men)**
3. Let me give you something for your nails to keep in mind, for the next time **(Women)** / let me give you something for your wife/girlfriend/mother... keep it in your mind **(Men)**.

The Buffer

Do you see the lines on your nail? These lines are called ridges and they make your nails split and break.

This is a professional buffer; I'm starting with the **dark gray side** (Hold the thumb).

This side removes the ridges, yellowness and stains, leaving your nails clean and smooth. You do that for 5 seconds once a month, not more than that, O.K?

The next step is the most important one – The **light gray side**, it is made out of 100% cotton. It stimulates the blood circulation under your nails so they will grow faster, stronger and much healthier than before.

The last step is amazing! This is the **white side**; it is made out of pure silk - smooth right? This side brings out the natural oil of your nails, using no chemicals and no nail polish.

Are you ready to be amazed?

Promise not to scream in the middle of the mall?! 😊

Come closer to the light...

And take a look at your new shiny nail!!!

ISN'T THAT AMAZING?!

Try to scratch it! Try to peel it! Try to take it off! Nothing can remove it.

This is your natural nail! It will stay like this for the next 2 whole weeks no matter what you do! Wash dishes, Work in the garden, whatever you do it doesn't come off!!!

Cuticle Oil

Now, do you see all the dry, dead skin around your nail? The cuticles.

Most people push them back and cut them, it will only make them grow faster and stronger!

To complete the treatment, use one drop of this Cuticle Oil once a week (This oil is made out of SWEET ALMOND OIL, VITAMINS A & E, ALOE VERA and DEAD SEA MINERALS). It moisturizes the cuticles, softens them and basically makes them disappear!

Compare your two thumbs and take a look at the difference!

Imagine all your nails looking like that!

Everything I showed you comes in this beautiful kit; The **Buffer** - you have two dark gray sides, one is for your nails and the other is for your toes, **Cuticle Oil**, amazing **Mineral Lotion** and a **Nail File**.

As you probably know, if you want to treat your nails in the Nail Salon, you need to pay between XX - XX for manicure and pedicure every 3 weeks.

This Nail Kit is a great investment! It is a two years supply of manicures and pedicures. It cost XXX, that it is a great price for two years supply!
