

OPTIMA+

This is our diamond – the "Optima+" collection. Be ready because it is not a cheap treatment but it's worth every penny. We are going to start with the amazing Supreme Thermal Mask.

Supreme Thermal Mask

I will wet your face with a little bit of water so the Mask will work better on your face. I will spread a thin layer on your face and massages it well. Now tell me what do you feel? (It's getting warm). Right! It's getting warm because this is a Thermal Mask.

This amazing Mask is based on Aluminum Silicate, an ingredient found in the deepest layers of the Dead Sea mud and able to generate heat when it comes in contact with the skin. Now the heat opens the pores so the first thing the Mask does is to clean the skin from the inside. It gives an amazing treatment for black heads, white heads, spots, discoloration, oily T zone and dryness problems.

The second thing that the Mask does is lifting your skin and taking the lines out. The Mask contains one of the most powerful, strong and newest patent that exists in the skin care world – the Resistem patent! The Resistem is an anti aging "bodyguard", that from the moment it touches the skin, it naturally takes care of 3 important things:

1. Fight & prevent toxins from the environment to reach the skin.
2. Prolong skin cells life span.
3. Helps skin rejuvenation.

In addition, the Mask contains Coenzyme Q10, which is a Vitamin-like that is responsible for producing energy in body cells, serves as a natural antioxidant, reduce wrinkles and helps to delay the aging of the skin.

O.K, I think we are ready to take off the Mask.

O.M.G, Wow! It looks like you just had a Botox injection!!! What a difference! Well, you see, the amazing thing about this treatment is that you don't need to wait for next year to see dramatic results, the results are already on your face and I only used the mask! I think you will be a little bit in shock when you see yourself in at end of the demonstration ☺

Supreme Face Serum

The Serum penetrates into the skin and works intensively from the inside. It's based on the amazing Resistem patent, the Coenzyme Q10, also Chamomile extract and Green Tea essence that soften and nourish your skin. It also contains pro Vitamin B5 which has a unique ability of increasing the elasticity and the natural moisture of the skin. Now the Serum prepares your skin for the third step – the Supreme Face Cream.

Supreme Face Cream

The Face Cream locks the Serum inside the skin and treats the surface. It contains the Resistem patent, the Coenzyme Q10, minerals from the Dead Sea and small Vitamin E capsules that are nourish and moisturize the skin. The Face Cream enriches your skin with extra moisture, leaving a delicate protective layer and gives the skin a soft silky feeling.

Supreme Eye & Lip Cream

Now we are finishing the treatment with the Supreme Eye & Lip Cream. Do you know why we use a special product for around the eyes and the lips? It is because they are much more delicate areas than the rest of the face and need a special formula in a very light texture. This cream contains the Resistem patent, Coenzyme Q10, Calendula oil, Jojoba oil and Vitamin E. this combination provide extra moisture and protection to the skin, helps to slow down the aging process and produce a dramatic anti wrinkle affect.

Wow! I'm so excited, there is such an improvement! O.K ma'am, take a deep breath and in 3... 2... 1... O.M.G!! Take a look at the difference! Look how the deep lines become lighter and the fine lines almost disappear, look how all this side firms up and how your skin become brighter and younger. It's only a the first treatment, with every use you are going to see better and better results. Imagine how you are going to look after 2 weeks, after 3 months!
